## Chapter 1 by Leo

Frankie was shaken awake. "The king has arrived," her mother whispers. Frankie quickly stands up and gets dressed to greet King Arnold. The king never visits anyone-except if he has important news. Villagers that have been summoned in the past have always been called to serious business. Stories say that those villagers are never heard from for a long time. A hero named Sam was told to debate with the president of Paint Town decades ago. No one has heard from them since.

Frankie pulls on some clothes and bounds down the stairs. King Arnold stands patiently in the doorway. Frankie's excited smile fades when she sees his grim expression. "Hello Frankie", the king beckons her to step closer. "I have a significant task for you and you alone. You must travel to the Gemstone Caves and recover an ancient artifact of the royal bloodline. I trust you to return with it safely. Farewell."

King Arnold swiftly closes the front door and leaves before Frankie can say anything.
